## DOGGETT LEADERSHIP INSTITUTE

### Certificate of Leadership Principles

1

#### Leading With Purpose

In this course, you will learn the criteria for making quality decisions to facilitate intentional living in all areas of your life. As you understand your purpose, you will be able to define the possibilities that God has set in your path and aid you in discerning between good intentions and God intentions. The effects of living on purpose will be stronger partnerships with others and keeping "MO" on your side.

Instructor: Dr. Gerald Doggett  
FALL 2020 - 15 weeks

2

#### The Emerging Innovative Leader

Leadership and innovation existed in the mind of God long before the first thought of it came to man and is as old as time itself. In the newly innovated Garden of Eden, the man, Adam, was created and instructed by the Lord to provide leadership to all the earth. Becoming an innovative leader is a process that requires certain skillsets. This course is designed to identify 12 skillsets or competencies of becoming an innovative leader.

Instructor: Dr. Darrell Parsons  
SPRING 2021 - 15 weeks

3

#### Leadership & Transition

In the perpetual transitions of life, navigation can become challenging. Leadership & Transition will provide wisdom and skills to maintain confidence through cloudy days when the vision gets fuzzy. From developing a master strategy to implementing that strategy, even learning to manage change, the student will understand the transitional journey and experience exceptional results.

Instructor: Dr. Gerald Doggett  
SUMMER 2021 - 15 weeks

4

#### Going Beyond through Discipleship & Prayer

In this course, we will examine the difference between being a disciple and discipleship (disciple-maker). We will establish the ingredients, character, and make-up of a disciple, by looking at how Jesus called, developed, and deployed disciples. First, we will identify ourselves as disciples while exploring what makes a disciple of Jesus. Second, cultivate a vision for disciple making. Third, we will seek to develop a discipleship-making ministry.

Instructor: Pastor Ray Petty, M.Div.  
FALL 2021 - 15 weeks

5

#### Ministerial Training & Care

Every Christian is called to be a servant and minister to God and others. This final class of the basic certificate was chosen to address challenges that ministers encounter while serving others. We will define the different hats we wear as ministers navigating the gaps of life. Secrets for successful team building are taught by looking at "Coach" Paul calling the play, and life-changing truths are shared as we learn to walk in the power of taking responsibility to overcome burnout.
